editorial

FINALLY, a magazine which tastefully addresses the concerns —even the trivial concerns— of drag queens, Drag Kings, closet cross dressers AND the one's who love them.

I am a heterosexual woman who is utterly aroused by my husband's cross dressing fetish. My thighs quiver every time I see him enter the room all dolled up, all sexed up, all quaffed and powdered, smokey lids, dewey ruby lips, draped in satins and silks, cuban heels, roach killer pumps, Cabaret cum Algonquin clique-chic. I even took the time to learn how to apply make-up for him (doing someone else's make up is harder than one might realise) He looks as glamorous as madonna in that "Express Yourself" video.

I know I'm not a closet lesbian, I'm just a product of the times. After all, during my sexually formative years I was bombarded with erotic images of cross dressers: Glam Rock, New Wave, The Rocky Horror Picture Show, every cute ultra chic ultra cool boy in my high school who wore make up —my generation has a greater understanding of sex and sexuality than previous gernerations. We don't have the need to attach politics to sex, to label an action as distinct to one particular orientation. We are well aware that the founding fathers our our great nation wore make up and wigs and hosiery without being labeled as "normal" or "abnormal" for doing so.

So needless to say, I was pleasantly surprised when I came home one day and found my husband asleep in my sexy lingerie! I pounced like a little kitten atop his perky breasts- He had found my water bra and it was such a snug fit that it pushed his flesh out into cute little mounds. Then to have him making love to me as a woman. At first it was a little weird with his five o'clock shadow... but he started shaving it smooth everyday... I realized I would be getting the best of both worlds!!! Now we frequent clubs like Lucky Cheng's and other crossdressing clubs together. (There is a great site on the internet called glowgirl.com that lists many NYC events.)

A confident person is sexy. And confidence is what we want to give our readers. We addresses all aspects of drag: the physical, the metaphysical, the sumptuous and the sublime.

I encourage you to email us (info@simplygorgeousmag.com) or write (Simply Gorgeous, 250 west 26th Street, 2nd floor, NYC, NY 10001, Attn: Lolita) with any questions, comments, concerns or anecdotes. Simply Gorgeous want to be by our comunity, of our comunity and for the community.

Dear Josie

HEART FELT LETTERS FROM OUR READERS

- **DEAR JOSIE,** I am a married childless heterosexual male —I dress up in my wife's clothes when she's out. I love my wife— she is my best friend and confidant and I just want her to be able to understand these urges and accept them in me. I was always raised in a very accepting family but I know that this is a little beyond the scope of what they expected. Billy

DEAR BILLY by all means don't tell your parents unless you plan to go public find support groups and cross-dressing internet sites. When you realize how many of us are out there— it really makes you breathe a sigh of great relief! We are all over the place! If you are really straight then maybe you could work the cross-dressing thing into your sex life!!!! Another straight man once wrote me that his wife loved him to go down on her wearing a wig and lipstick! After that he started cross-dressing at home all the time— they have a great sex life!!!! So don't worry and don't feel guilty about this! There are worse things in life to feel guilty about. —Josie

- **DEAR JOSIE,** It's one thing to dress up in secret and another to actually be able to live out my fantasies of cross-dressing without any fear of putting my real life into jeopardy. I am a bi-sexual male. I often go to a NYC roleplay house where I can explore cross-dressing within my own limits with the help of my "Big Sis". I am able to relax and have girl talk with women who understand my needs and do not judge me. Serving as a housemaid, you can serve cocktails in a nice dress (or a naughty one). I learned how to do a lot of things there, especially walk with confidence in high heels!!!! They have an amazing mirrored dressing room with tons of ladies clothes in extra large!!! I got to spend an hour dressing up in everything from flouncy gowns to bras and corsets.... with no inhibitions!!!! It was absolutely exhilarating and totally relaxing. The girls showed me make-up tips and we did each other's hair. They led me through it so it was easier. I actually got to live out my fantasies and what it feels like to be a woman. I like looking at myself in a mirror in stockings and high heels- I have a great ass and beautiful legs especially in stockings. I continue going every few weeks and find it to be very therapeutic. I just want to warn everyone out there to be very careful when playing in an S&M establishment and to set their limits ahead of time. Certainly not everyone is interested in being degraded and one should make that clear. Be very specific about what you are looking for. I simply said over the phone during the interview I want to be treated like one of the girls for a while, if you know what I mean... They knew what I meant. And that was comforting. Lil Sally, Texas

DEAR SALLY, I do agree with you. Also there are some training schools across the country you would be interested in available via internet or further investigative research on your part. Some cross-dressing parties in New York are a great place to try and come out with the anonymity that the semi-darkness of nightclubs provide.

- **DEAR JOSIE,** Seeing cabarets in New York in the west Village and Lipsynching for the first time gave me the confidence to finally come out and dress as woman in public. Singing in Drag gave me the confidence to explore living as a woman. I am considering a sex change but the anxiety about the decision is driving me crazy. Tony, Michigan

DEAR TONY, If you are feeling this much anxiety over a decision like this then you should not be making it right now. Relax in the decision that for the time being you are not going to make one. Keep doing what you are doing, with the upmost confidence in yourself! The answer will come to you when it is ready to. You go girl!

- **DEAR JOSIE,** I am addicted to handbags!!!! I buy them all the time!!!! Every time I feel depressed or am having a bad day I buy another handbag. They are beginning to spill out of my closet and soon, I am afraid my friends or a guest will open the door and I will be caught. I have so many handbags it's hard to remember that I am respected businessman working for a large world_renowned company. People always comment that my apartment smells like a brand new car (from all the leather handbags)... What should I do? Brandon, New York City

DEAR BRANDON, Take a course in accessories at the fashion institute of technology and that would give you the perfect excuse for your collection of handbags. Say it's a hobby!!! I make handbags myself as well as knitting my own sweaters and hats. These type of endeavors can be very satisfying and relaxing and you are likely to remain discreet if you create your own clothes and accessories. Then you can start branching out into shoes. And remember coordinate!!! Coordinate!! Most handbag designers are men anyway. As long as you don't put yourself into debt_keep buying those handbags. It's not only good for personal gratification, it's also good for the economy!!!

- **DEAR JOSIE,** I enjoy being treated like a slut when I am dressed to kill! Is this a normal urge? Tamara, Alabama

DEAR TAMARA, That depends... are you human? Yes, sometimes being dressed in women's clothes is a real turn on... explicitly sexual. A man suddenly finds himself so turned on and needs to relieve this tension by being treated as a slut. Also his basic desire to wriggle around in the soft materials of women's clothing cause him to look and act slutty too. Men who haven't learned how to act female properly and naturally will appear like little bratty slutty girls when put in a wig and high heels. Facial expressions are the give_away. There is nothing wrong with you in that you enjoy being treated as a slut! It's a fun little game. I have heard from many real feminist, self-respecting women... that they enjoy pretending they are little sluts too!!!! You are a true girl at heart.

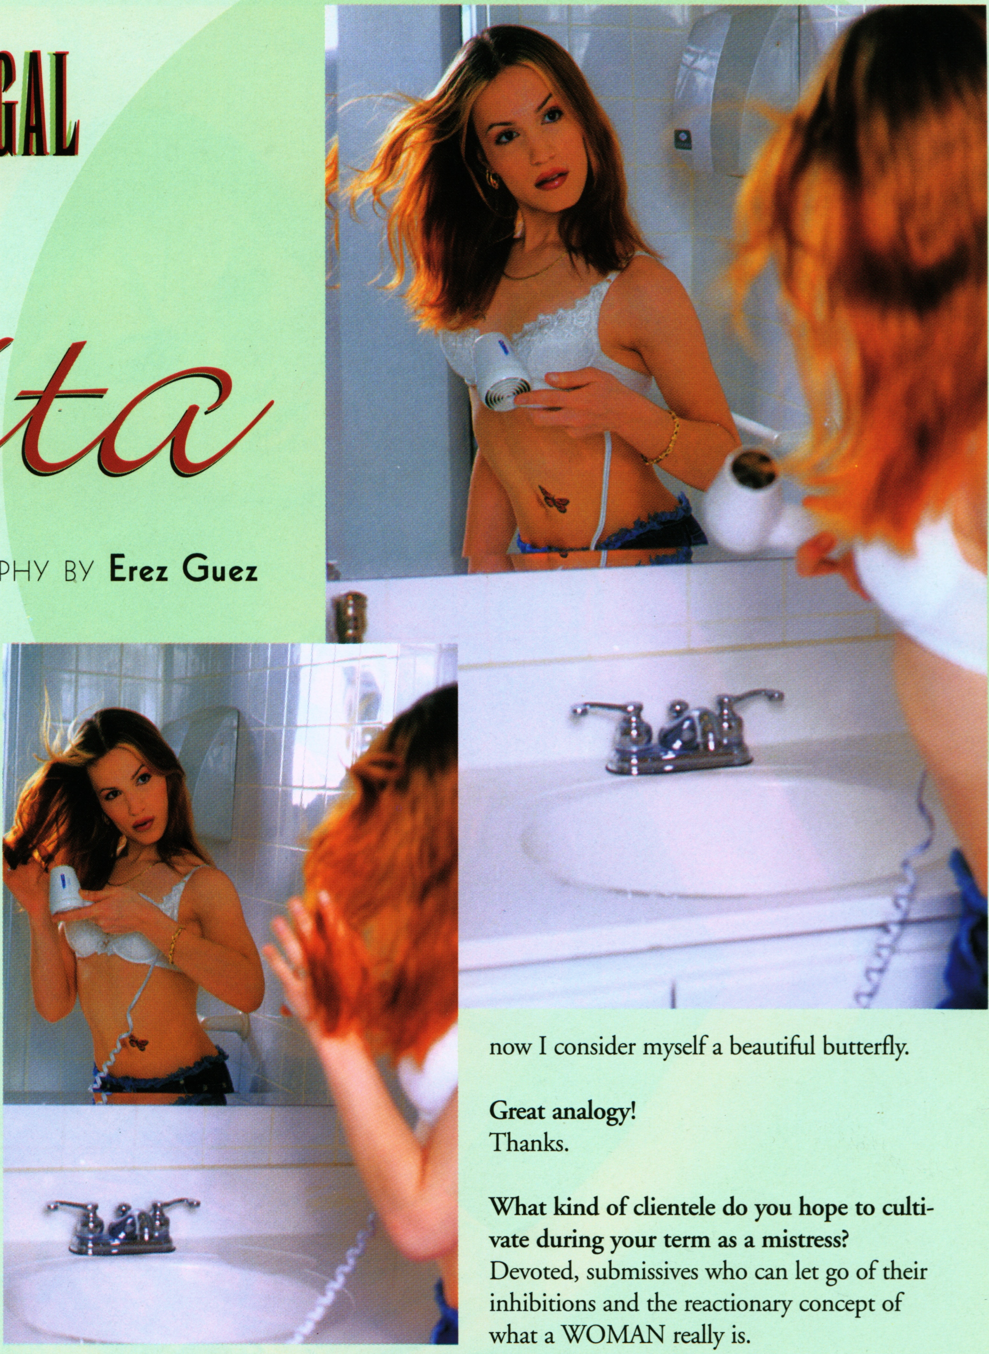
AMERICA'S ORIGINAL

BAD GIRL IS NOW LEGAL

Lolita

REVIEW BY **Tina** • PHOTOGRAPHY BY **Erez Guez**



I'm going to start off by asking you how old you are?
23.

What's your sign?
I'm a Leo. My birthday is August 18th. I may look like a pussycat on the outside but I can assure you I'm all lioness on the inside. I am woman hear me roar.

So do you think this is your year?!
Absolutely. Watch out New York, cause I'm going to paint the town red, white, black n' blue! Literally!!!

Where are you from?
I was born in Brooklyn but I was raised in Southern California since I was two years old. I only returned to New York a little over three years ago. I'm 100% puertorican.

Why did you return?
Freedom and complete independence. I didn't feel I could fully live my life the way that I needed to around my family. I come from a family that has a very strong religious back ground so I'm sure you can imagine how hard it was for me growing up. Then to top it all off I'm the oldest sibling, so setting a good example was a must. Unfortunately my family hasn't been to accepting of the way I live my life. I had this overwhelming need to discover the real me. I couldn't do that where I was. I, like so many others who come to this city, needed the anonymity new york provides. I wanted the chance to meet the world on my own terms, to have the New York experience without the excess baggage that comes with beginning a life-long transformation surrounded by old acquaintences and family who still refused to see me for who I really am.

What do you consider yourself ?
I'm a heterosexual female.

Some of our editors consider you to be a petite Cindy Crawford. How do you feel about such comparisons?
Actually extremely flattered. I don't like to think of myself as being a vain person but to be compared to the likes of Ms. Crawford is a complete honor. As a matter of fact growing up a unique child, I always had a self esteem problem. I always thought of myself as ugly. The classic ugly duckling fairytale.

Now I noticed you have a butterfly tattooed next to your belly button, is it symbolic of anything?
Well before I transitioned I was a caterpillar now I consider myself a beautiful butterfly.

Great analogy!
Thanks.

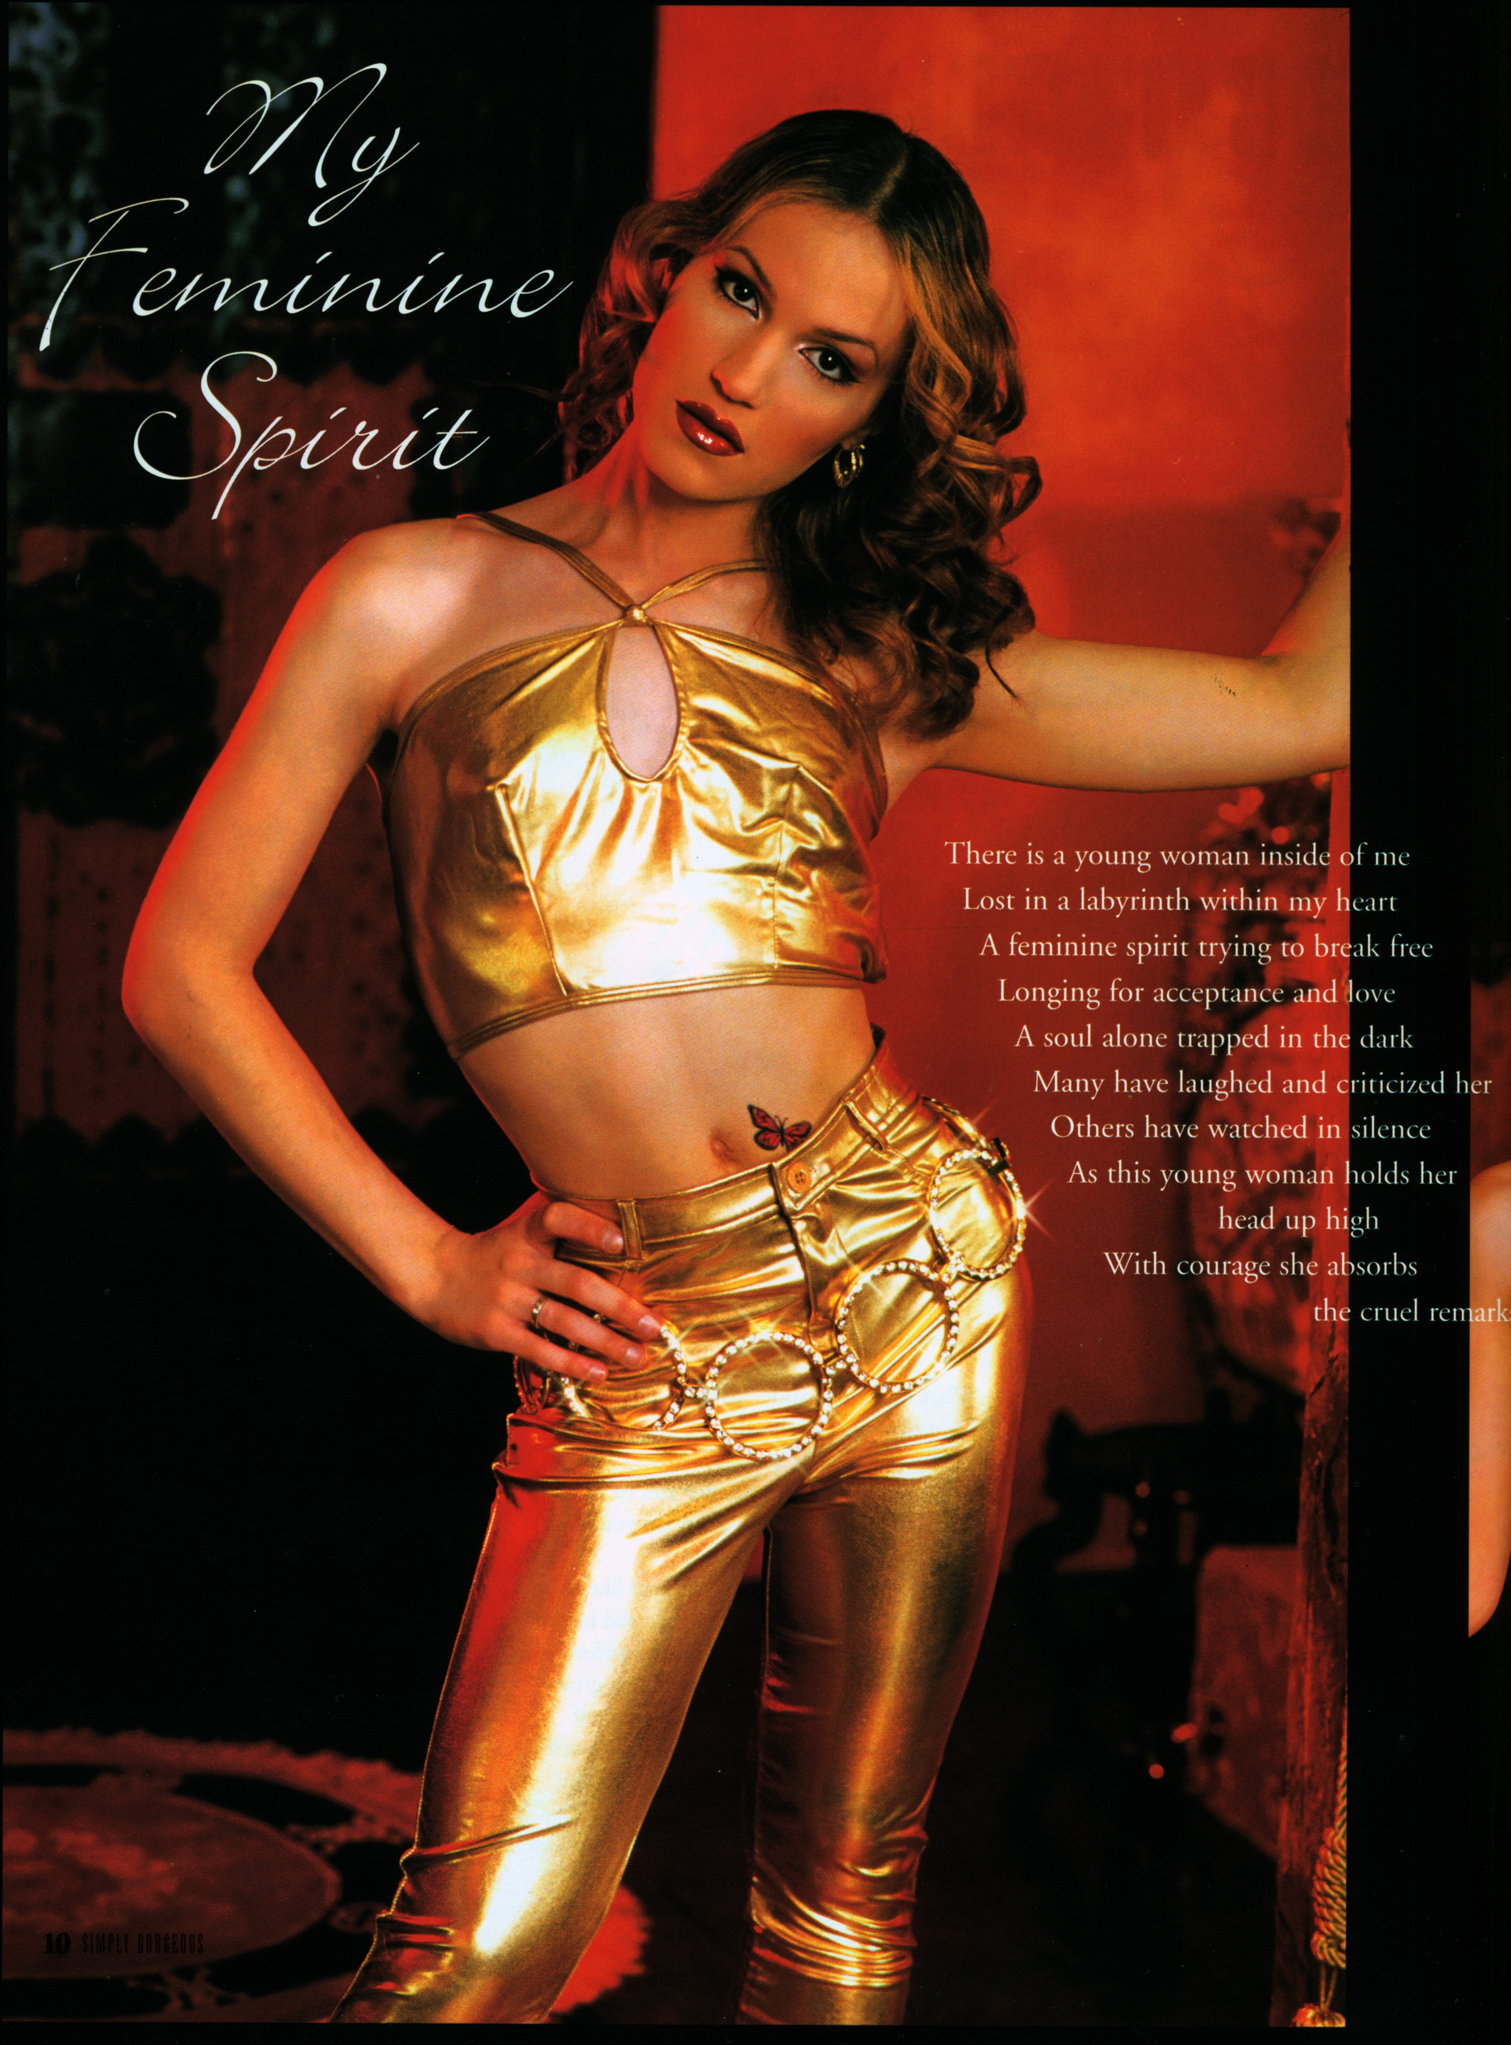
What kind of clientele do you hope to cultivate during your term as a mistress?
Devoted, submissives who can let go of their inhibitions and the reactionary concept of what a WOMAN really is.

Do you have a set schedule yet?
It's better if a potential client contacts 212.242.4577 for details. I'm still settling in and they might just luck out no matter what day. However, I do have an extremely busy social life, so they should only expect to visit with me between 6 p.m. to 2 a.m.

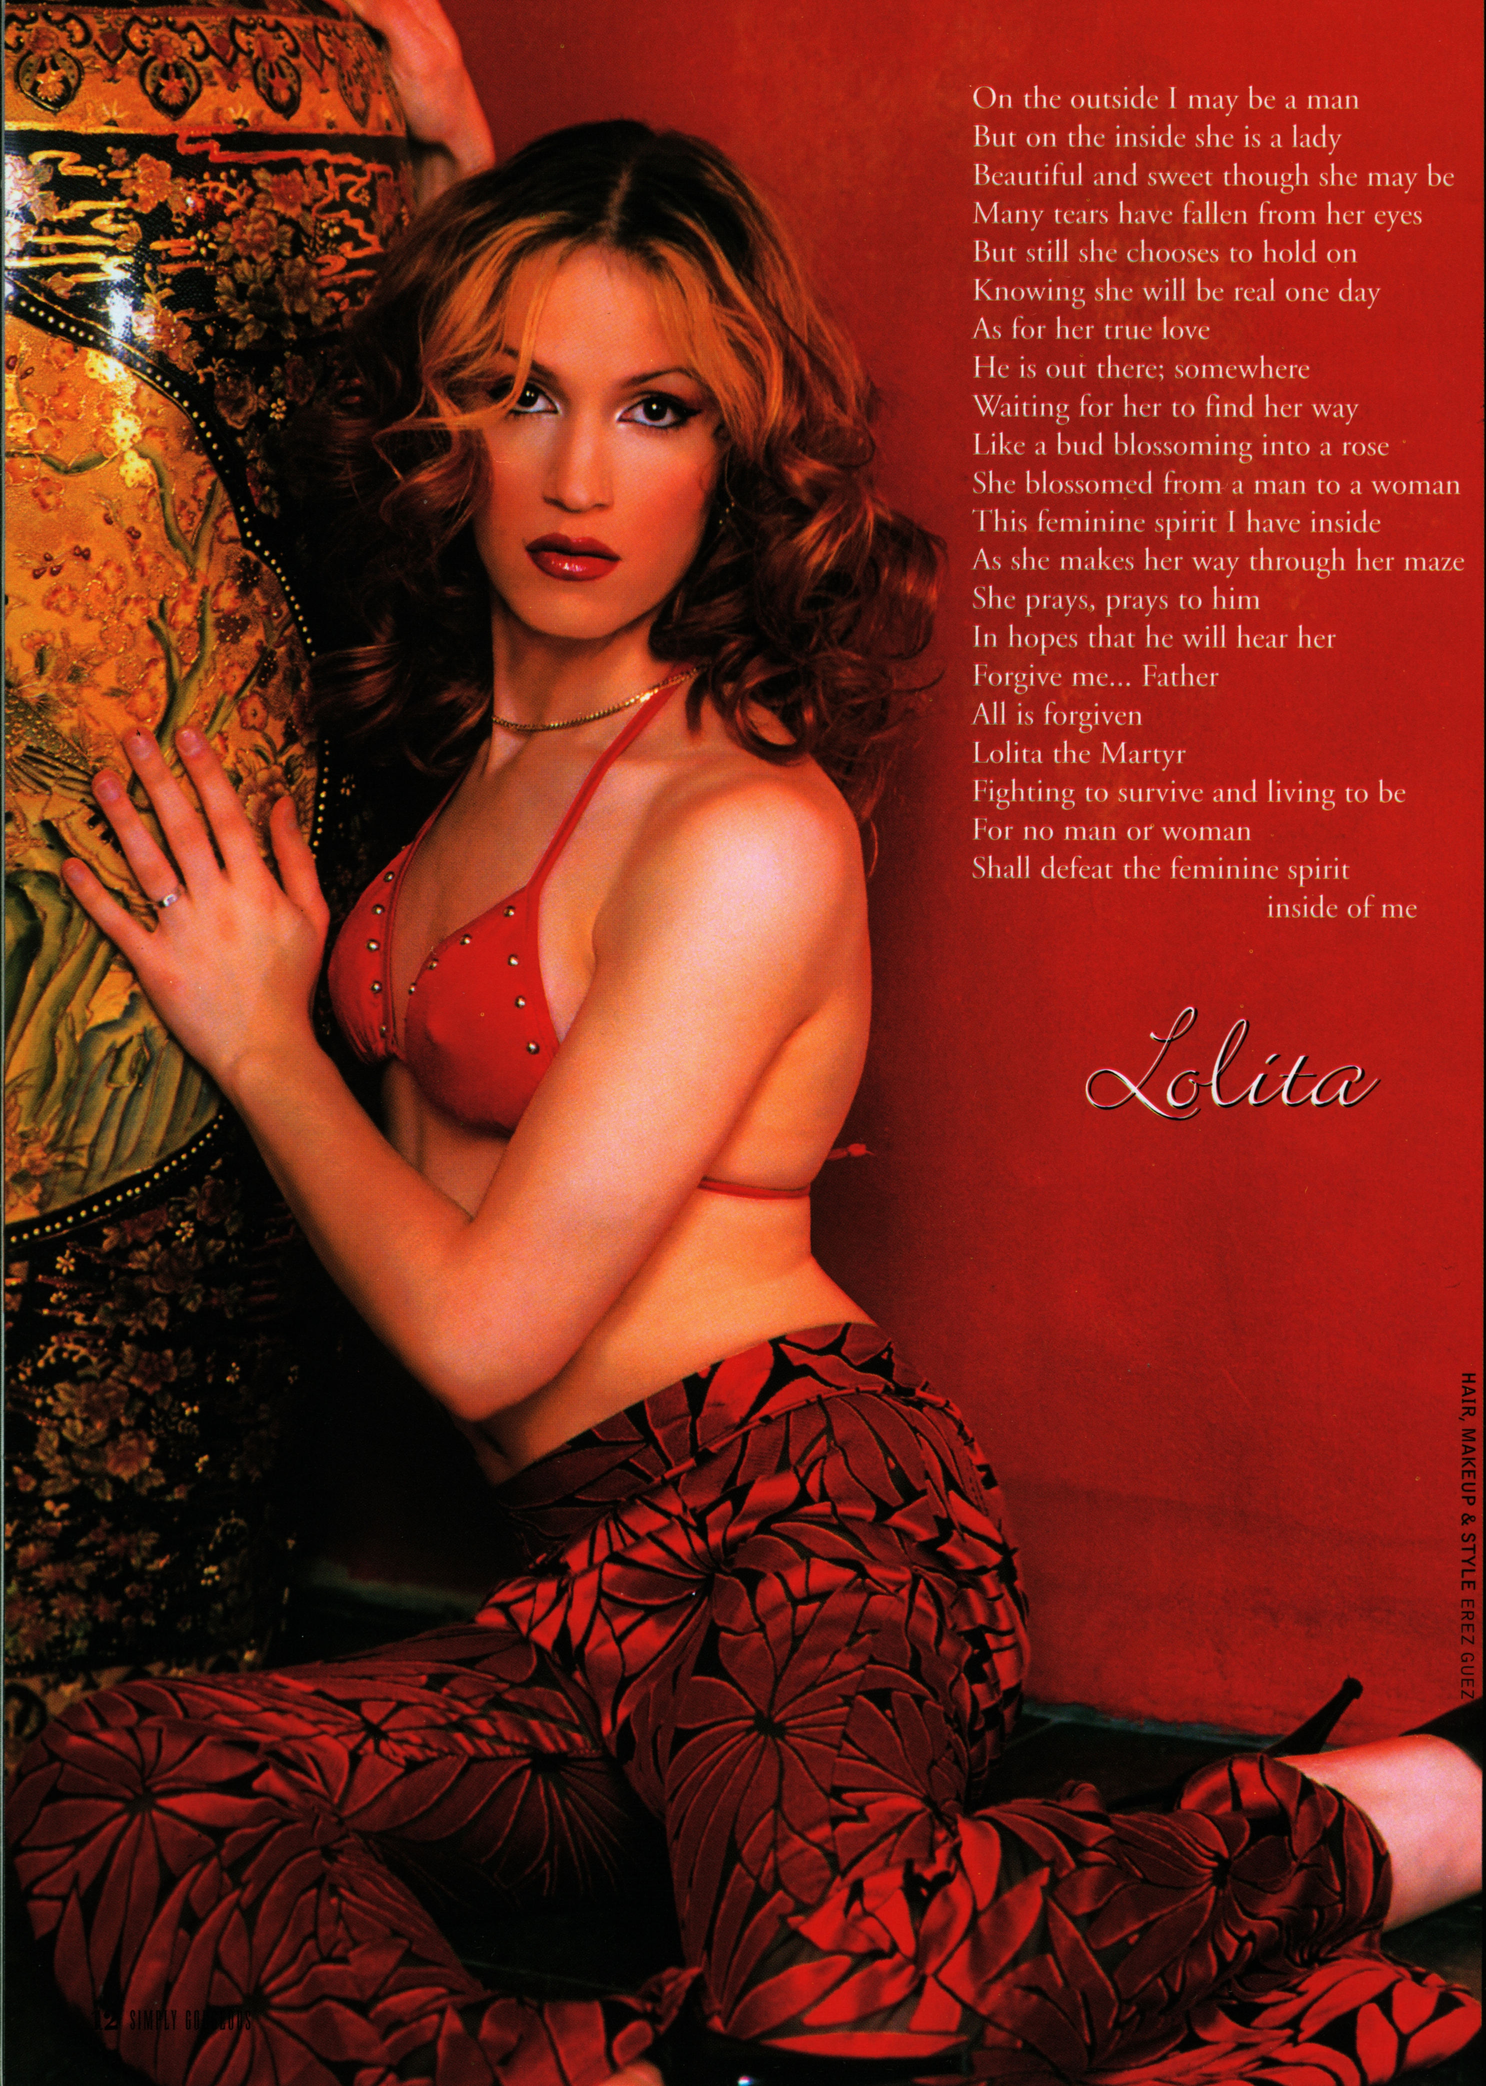
What would be an appropriate gift for a goddess such as yourself?
Fresh flowers (no mums, no carnations, no horseshoe arrangements), domina clothes, equipment and of course, a generous donation to my breast enlargement fund.

Any last words?
Yeah, hugs and kisses to all my admirers. Hope you like what you see. •

My Feminine Spirit



There is a young woman inside of me
Lost in a labyrinth within my heart
A feminine spirit trying to break free
Longing for acceptance and love
A soul alone trapped in the dark
Many have laughed and criticized her
Others have watched in silence
As this young woman holds her
head up high
With courage she absorbs
the cruel remark



On the outside I may be a man
But on the inside she is a lady
Beautiful and sweet though she may be
Many tears have fallen from her eyes
But still she chooses to hold on
Knowing she will be real one day
As for her true love
He is out there; somewhere
Waiting for her to find her way
Like a bud blossoming into a rose
She blossomed from a man to a woman
This feminine spirit I have inside
As she makes her way through her maze
She prays, prays to him
In hopes that he will hear her
Forgive me... Father
All is forgiven
Lolita the Martyr
Fighting to survive and living to be
For no man or woman
Shall defeat the feminine spirit
inside of me

Transgender Civil Right Bill Hearing

A New York City Council hearing on a transgender civil rights bill was held on May 4,2001 at 1 p.m. at City Hall.

The measure, sponsored by Council members Bill Perkins and Margarita Lopez, seeked to amend the city's human rights law to cover transgender and gender-variant people. Under the legislation, the term "GENDER" would include actual or perceived sex, a person's gender identity, self-image, appearance, behavior, or expressions, "whether or not that gender identity, self image , appearance, behavior, or expression is different from that traditionally associated with the legal sex assigned to that person at birth."

The text of the bill reads, in part, "Gender-based discrimination affects a broad range of individuals. But the impact of gender-based discrimination is especially debilitating for those whose gender self-image and presentation do not fully accord with the legal sex assigned to them at birth. For those individuals, gender- based discrimination often leads to pariah status including the loss of a job, the loss of an apartment, and the refusal of service in public accommodations such as restaurants or stores. The impact of such discriminations can be especially devastating for those who endure others prejudices due to their race, ethnicity, national origin, and citizenship status, in addition to gender-based discrimination. In adopting this legislation, the City Council declares that the ability of all New Yorkers to work and to live free from invidious discrimination based on gender is the guiding principle of public policy and law.

Pauline Park of New York Association for Gender Rights Advocacy (NYAGRA) said she was extremely excited that a hearing had been scheduled. She also said there would be a rally on May 4, at noon in support of the bill on the steps of City Hall.

SARAH BUECHNER

Concert Pianist Extraordinaire

AT AGE 5, David was a child prodigy at playing piano. And by the age of 20 he had already entered more than two dozen piano competitions. He has been theatrical and charming all his life.

When Sarah first changed her name from David, she had to endure a series of rejections. According to an interview of her by Andrew Jacobs in New York Times Magazine Sept. 1998, "Several universities turned Sarah down for full-time positions, after learning that they would be hiring a transvestite." However, other schools, such as New York University and the Manhattan School of Music agreed to keep her on, as did Yamaha, the company that provides her pianos. Afterall, if David had been wanting to dress up as early as he could remember (sneaking into his mother's closet) then why not perform in public dressed up?

However, as Sarah trapped in a man's body, in both gay and lesbian bars, she says, "I was viewed as a freak." Lesbians though he was just a man perusing the meat market and gay men dismissed him as only a weekend warrior drag queen.

Sarah is quoted saying, "I was emotionally tied up in knots and completely disconnected from what was coming out of the piano. But now (as Sarah) when I play, I feel incredibly free, and I think that's reflecting in the music."

As a result of her decision to perform as Sarah and to talk openly about wanting to undergo a sex change, her ulcers have vanished, she stopped drinking heavily, stopped flirting with suicide, and friends say that she seems happier than ever. And she is not alone. According to the International Foundation for Gender Education, 1,500 Americans undergo sex changes every year.

Sarah has worked hard to be the best piano player in the world, with impressive qualifications and accoplishments, thus capable of shoving Mozart and Gershwin right up the butts of snobby, elitists on the boards of education who refused to

Sarah Buechner has played solo classical piano in the most prestigious orchestras in the world: the New York Philharmonic, the National Symphony in Washington, the Japan Philharmonic, and the City of Birmingham Symphony Orchestra in England. THIS photo of New York Mayor Rudy Giuliani made me laugh out loud!!! Last Saturday, at a performance in the annual City Hall Press Spoof, a suit and tie crowd sat eating their $400 a plate "charity dinners" while Giuliani, who was supposed to be dressed as a "gangland Rockette" pranced around in stockings and high heels. This must have been a sight for sore liberal eyes!! The crowd must have wondered if he had been drinking. We can only hope so. Drinking and dancing, at the same time, in drag. Although he denies any of this and denies having shaved his legs before putting on the stockings, we can only hope that the mayor MASTURBATED in his stockings and heels while getting ready at the New York Hilton prior to his show.

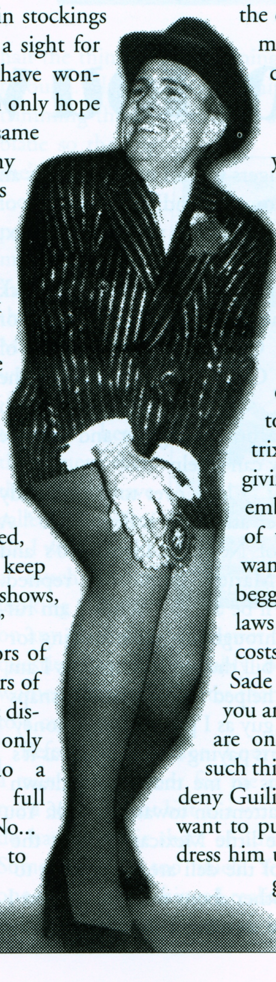
Apparantly this is not the first time that our mayor has dressed up in drag. According to Daily News reporter Dan Janison, Giuliani dressed up at a prior City Hall performance as Marilyn Monroe. About as far a cry from Sid Vicious as you can get the mayor intoned, "For what is a don, what is his role? To keep this town in my control... the record shows, you took the blows. You did it my way!"

Well, how can we, as reputable editors of adult magazines and respectable members of our community, respond to such public displays on the mayor's part? We can only hope that next time he will do a STRIPTEASE while dressed up in full drag— make up, wig and everything. No... on second thought do we really want to see HIS ugly cock?



Remember the sexually explicit art exhibit at the Brooklyn Museum that the mayor had shut down after proposing his "decency panel??" Either way, the striptease is probably out of the question. I guess if he can't strip for us the mayor will have to bend over and take what he deserves from behind!! Oh yeah baby, let me penetrate your ass with a dildo while I fondle your garters and silky nylons. I'll take your high heel off and make you lick it like a horny dog. You know that you deserve it, you cock hungry bitch. Or are you not into anal? Regardless, you must be punished for passing these ultra-conservative laws all the time. It's just no fun to go out in New York anymore. We want to see you see you suck off some transexuals while dressed as Marilyn Monroe!! Yeah!! We want to see you take the whip of a fierce dominatrix while you're wearing a g-string and I'm giving you a wedgie. We want to see you embrace the public indecency of hedonists, some of which I consider my closest friends. We want to see you brought to your KNEES and begging for our forgiveness for passing restrictive laws and doing nothing about soaring rental costs so that clubs like Mother and Mason De Sade and Twilo were shut down. We want to give you an enema and piss right on your face! But these are only fantasies. We would't dare actually do such things. We wouldn't want to cause anarchy and deny Guiliani complete control over us. We wouldn't want to put a ball-gag in his mouth for a change and dress him up as a submissive hooker. Or would we? I guess it all depends on what you consider good, clean fun.•

ABOUT ALAN CUMMING

So, You wanted my opinion

by Lolita

IT IS a nice warm day outside and my cabinets are bare. Feeling like Old Mother Hubbard I decided to take a walk to the local grocery store. As the wind blows through my hair a gentleman passes by me and flashes me a smile. I smile back but keep on going. I reach into my purse as the sudden urge for a cigarette passes through me. And to my astonishment my pack is empty. So now I'm looking for a corner deli oh so frantically. Oh great I spot one across the street. As I approach the deli doors a much older gentlemen is approaching the door from the inside of the deli. He opens the door and politely steps aside allowing me to enter the deli. "Beautiful day for a beautiful young lady." He says to me as I pass him, smiling and probably blushing. The deli men seemed to be busy attending others as I quietly waited to be helped. I start twirling my hair in my fingers when I notice there is an old woman standing to the left of me. I guessed she was probably next in line.

I start scanning the magazine rack for the latest issue of Vogue or Marie Claire. I chose the issue of Marie Claire. As I flip through the pages, one of the deli men approaches the register and asks me "How can I help you?" I look over to the old lady and her attention is elsewhere. "A pack of Newport Light 100's and this Marie Claire." I replied. "That'll be $8.50." While I am ruffling through my wallet looking for a $10 bill the old lady realizes I am being helped before her. She snaps at the guy as I pass him my money but he is paying her no mind, as it's obvious to me that I have drawn some attention towards myself. You see the little Mexican guys at the back of the deli are whispering to each other about me. That's what I get for wearing a top exposing my belly button and butterfly tattoo. The man hands me the change, magazine and cigarettes. I turn to leave and the old lady rolls her eyes at me so hard they nearly fall out. I shrug my shoulders and exit the store.

The grocery store is still 2 blocks away so I open my pack of cigarettes and light one. I pull my Marie Claire out from under my arm and begin to flip through the pages looking for the contents page. I scan through the column looking for the feature stories and I spot an interesting title-" Is a man treated better than a woman?" Immediately intrigued I flip to that article. To my amazement there is the talented Alan Cumming of The Broadway musical "Cabaret" donning a wig and fishnets, making the most ugly woman I have ever seen. Apparently the editors of Marie Claire dared Mr. Cumming to do a test, to dress as a woman one day and go out as a man on another. I smile; this would definitely prove to be an interesting outcome.

She strutted her stuff at a singles bar, a lingerie shop, a car dealership and even walking down the street. As the article goes on I snicker. Why you ask. Because even in the article Mr. Cumming admitted that he didn't make a nice looking girl. By now I wanted to know

how this not so beautiful woman blended in on Madison Avenue because I of course have never had that problem. If Mr. Cumming were sitting in front of me, I would say, " What were you thinking? Fishnets during the daytime on Madison Avenue? Ha! The nerve." Any woman knows that that is a major fashion *faux pas*. After all, I myself live on 5th Avenue and I definitely know better than that.

Anyway as I read on, Alan decided to enter a Mercedes Benz dealership as his alter ego "Marie". Of course, not every queen in Manhattan can afford a Benz, let alone a breast augmentation. He stated upon her entrance into the dealership that she immediately drew the eye of a group of mechanics. Ms. Marie says the attention was very complimentary and nice.

Yeah Right! Now we all know those mechanics fell to the floor laughing. Apparently, the same salesman that helped Alan (The Man) also helped Marie (The Woman) and treated them differently. Okay Mr. Cumming now your going to tell me he did not realize that was you under that gilda. I will admit to you that my transition into womanhood was not an easy one but I did not have to do half the things Mr. Cumming went through. Plucking nostril hairs and trimming the hairline using a razor blade so the wig she's wearing can look as natural as possible is not my idea of fun. Yuck! I mean if the editors of Marie Claire wanted to know if women are treated better than men then they should have called me. After all, I would make a much better looking Marie on any given day. My answer to this question would probably be yes women are treated better than men to a certain extent.

An exhausted Alan doffs his wig and unwinds.

Before my transition, I never had a man open a door for me or pay me a compliment but as a woman, I do have my fair share of admirers. Sometimes it is too much. You see one of the many things I realized by living my life as a woman is that women in general, biological or not, can go through a lot of hell and back. The catcalls and ungallant remarks from men as you pass them by can be annoying and at times most unattractive. Even though women are treated better than men, it is the men at times that can really cheapen the self-esteem of a woman. However, I must commend Mr. Cumming for his bravado, for after all it is he who accepted this challenge, not out of mere enjoyment but to prove a point. That it is not easy being a woman. Nevertheless, Mr. Cumming a word of advice-next time leave the fishnets at home! What do you think?

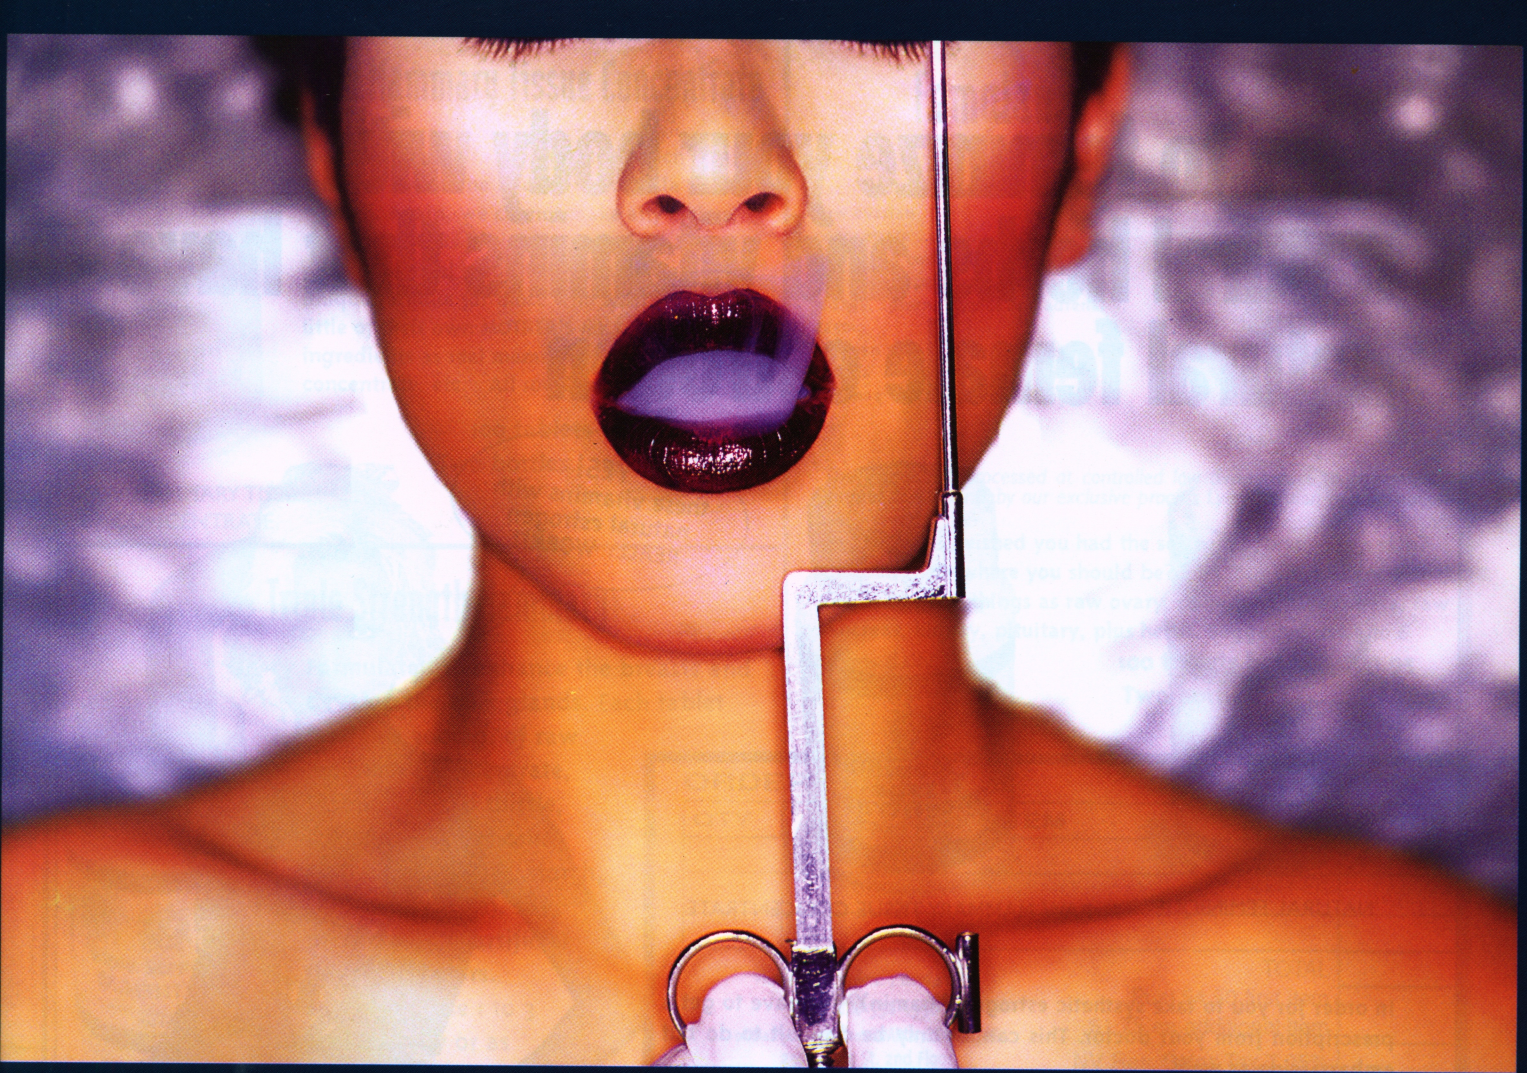
MAKEUP FOR DIVAS

Simply Irresistable

PHOTOGRAPHY, MAKEUP & SYTLE BY **Erez Guez**

MODEL **Solitaire**



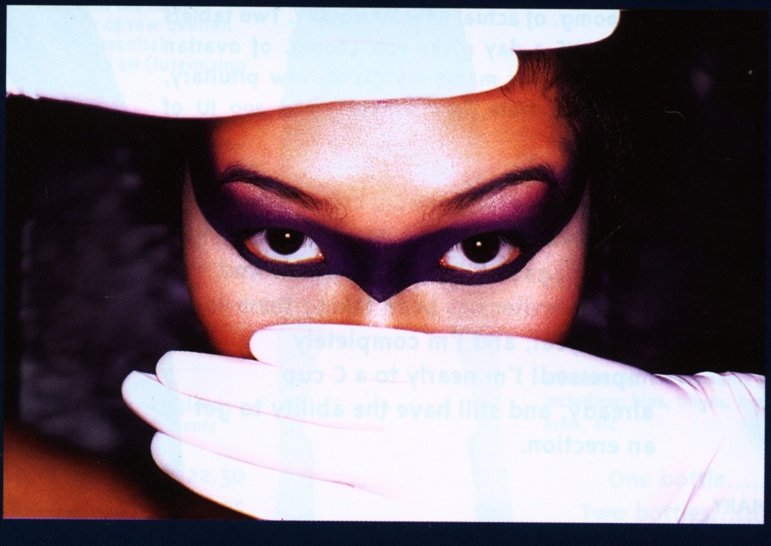
WHEN the beauty editor of Simply Gorgeous set up our first "Makeup Tips" photoshoot with our fabulous staff photographer and makeup artist Erez Guez, we know we wanted ultra drama and sophistication. Our first thought ...MAC. As you can see the end result is 'simply gorgeous'.

So how do you achieve this look? First you go shopping as we did at a MAC cosmetic counter. Like a kid in a candy store, we wanted one of everything.

The second step is to just follow the tips in this article and you may be surprised at how easy it is to get this fabulous look.

We asked Erez what inspired this look: " This very glamorous makeup was influenced by 'pop' and fashion icon Grace Jones in combination with a few other notorious figures that used the drama of an eye mask to create a sexy mysterious look." Good examples of this would be David Bowie and Madonna's "Erotica".

Start off by applying a pale concealer under the eyes and on any pigmented spots or redness on the face. Note: The skin has to be clean and moisturized for the make up to last all evening. Apply the foundation which should closely match your natural skin tone and blend carefully and evenly all over the face. On top of this base, using either a large brush or a puff, put on a layer of loose shimmering powder preferably with a golden shade. Beneath the eye put a thicker layer of loose powder so that when you do the mask using dark eye shadow and particles fall on your cheeck bones, you'll be able to brush them away without a trace. Now you must build the basic shadowing of the face. The blush should come beneath the cheek bones and be pinkish closer to the nose and upper cheek and gradually browner as you reach the hairline. Start building the shape of the mask with liquid eyeliner by defining the the lower line of mask. Fill the shape of the mask with a dark shade and blur the upper limit of the mask into your skin. Define the eye lids along the lashline with a thin black liner. Apply mascara to lashes and brush eyebrows to remove excess powder. Using a dark plum or bordeaux lipstick apply to your mouth with a lipstick brush.



Take your time, do it accurately. Now that your lashes are dry, curl them with an eyelash curler. (You can curl them before applying mascara as well.) Apply MAC's fabulous lip glass over your lipstick giving it a shiny wet look.

You have now completed your mission. Go out and dazzle the world! •

In practical items, this means that raw ovarian concentrate, for instance, contains a variety of known and unknown intrinsic factors that support ovarian functions in the recipient. The "raw" glandulars are used in Feminant are dehydrated by a special process which insures they contain all of the enzymes and hormones that are present in the natural tissue. The Men: Duane Paul is an Afro-

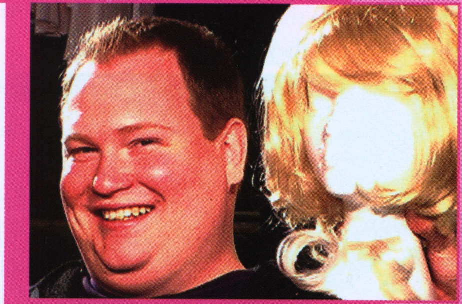
101

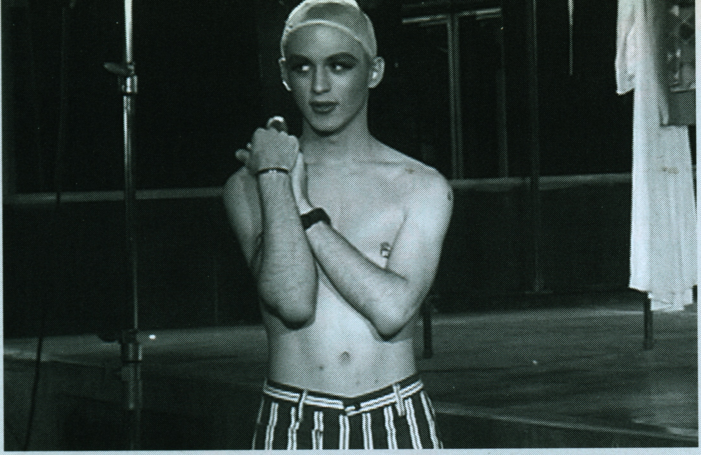
The Men: Duane Paul is an Afro-American from NYC who has always fantasized about winning an award and giving an acceptance speech at a beauty pageant has the courage to make his dream come true. Garrett is a sultry red-headed glam-style go-go boy originally from Massachusettes. He is taken on the ride of a lifetime as Sherry shows him the sexy Glam diva that has been waiting to emerge from just below the surface of his delicate exterior.

Frank from Illinois is just getting over an extremely suffocating relationship in which his boyfriend refused to let him dress in drag and explore this side of himself. He feels he is now ready and eager to explore a 60's frosted pink style and gown. With his cherubic face and soft tones, pink is positively perfect!!! Finally there is the quiet sexy Darrel from LA with hair the color of "Wildfire". Darrel is extremely soft-spoken and nervous about beginning his transformation into the go-go goth-slut he always dreamed he could be. He obviously seems to relax in the presence of Sherry who seems to having a calming effect on this very adorable young man.

All four men are honest and open about their emotions as Sherry lovingly assists them to embrace and explore fully their longings to be the girls they feel they have inside them. Before one is able to do that Sherry explains, one must find out what kind of drag queen one wants to be.

After explaining the differences between drag queens, cross-dresser, transvestites and transsexual, Sherry first leads us through the basics of hair removal with hot insider tips into exfoliation and the prevention of ingrown hairs. Then the necessity for "tucking" or "hiding the candies" as Sherry so accurately puts it is discussed. It is truly another basic art form





with many variables in the art of true transformation. Creating cleavage is a segment in which we learn some tips to achieving another fabulous illusion. Sherry has her own personal secret which she openly and willingly reveals to us. Contouring tips, how to hide the larynx, make-up application (for dark skin as well as light), eyelash application, the art of walking, tips to looking natural when smiling are all included in this highly enlightening educational and original video.

Each man must choose her drag name. Though Sherry assists them with some ideas to help if one should be having trouble with picking a name it seems these little divas have their names already planned out! In fact, each has been thinking for quite some time about trying this and reaching a new level in their lives. Wait till you see their total step-by-step transformation and their willing embracement of the sexy Drag Queen inside themselves!

Who better to lead these first timers through the process of finding the starlett, goddess or kit kat girl, slutty glam rocker, or possibly award winning diva hidden inside....than the incredibly well-spoken, articulate, mesmerizing Sherry Vine. She advises us that the greatest geniuses borrowed and stole from each other. So don't be afraid to mimic or copy the attributes of others that you admire.

Sherry Vine honestly and humourously describes her influences as being Pamela Anderson Lee, hooker Barbie and Barbie on crack, saying that one must not be afraid to be influenced by others, especially famous starlettes. AMERICAN WO-MEN

He, She, It

by Karen Karenovsky

I SAT on my hands. I knew I was right, but, I couldn't imagine myself not fucking her for any longer than twenty four hours, and here it was going on a day and a half and she still would not return my calls. I tried to convince myself that I was right by playing "American Woman" over and over. (The Butthole Surfers version NOT the Guess Who version.) Still, I couldn't deal without a regular taste of her pussy. How was I going to get my head(s) between her thighs again? It was a stupid argument, every guy has probably had with their woman at one time or another. YOU really want to see HER with another woman GETTIN' DOWN, and of course, GETTIN' DOWN on YOU too!

Butmamajamasumbuddytellmepuhleez... How do you encroach on this sexual exploitation of hedonism without conjuring the dreaded green demon of jealousy from your babe? Unless of course your woman is a free thinking bisexual and is more than happy to place ads looking for a bisexual woman who wants to get funky etc..... then of course you are among the lucky dudes that all other dudes envy, so stop reading and go fuck your bisexual women and yourself!! Otherwise, for us less blessed, I shall resume my tale of woe and I will try and cut to the juicy parts as quickly as possible.

We saw this hot babe and I, as tactfully as I could, made the suggestion that maybe it would be fun to all be in the sack together. Well... Did not this whip her into a state of froth!?! It certainly did!! The thing that really gets me is that I know from a good source that she has actually done it with a fine feline friend of hers. More than once. Trust me. I know. So for her to throw this tizzy fit about not only me wanting another woman besides her, but expecting her to be interested in another woman (despicable, warped, un_sane, were some of the words she used) was, I think, quite unnecessary. Dig me so far? Anyway, I got to thinking, what if I played a little joke on her and dressed myself up like a woman and hit on her? I knew I could get my friend Miss Vanilla to help me. After all she was the one who tipped me off to Trixie's carnal exploits in the first place.

Arrangements were made quickly. I went shopping with Miss V. and then retired back to her place to prepare for my rendezvous later that evening at Meow Mix. We started with the make_up. Miss Vanilla had some experience in this field and did a buffo job, giving me nice deep raccoon eyes and just enough lipstick to cover the scar on my lower lip. The Red Hot Chili Peppers played in the background "...seen 'em come, seen 'em go..." With the strawberry blonde wig we found in a shop on 14th street and some blush on my cheeks, I was starting to look pretty hot. Next, Miss Vanilla produced this pair of really slutty stockings. They weren't slutty by design, but they had some really long runs in them. Nasty. I put on a pair of red panties and matching bra and over these a long black gown with a slit up the middle almost all the way to my crotch. With my elbow length PVC gloves and black and white boa I was looking so hot, I woulda been all over me.

I knew that Trixie was going to be meeting this hot number named Wanda at the club. From what I had heard, Wanda was not only the chick that Trixie had been playing with, Wanda was into anything: chicks, dudes, chicks and dudes, chicks and chicks........I could barely buckle the straps on my patent leather pumps........I was so excited!! Miss V. dropped me off at the club early and I took a seat at the dark end of the bar where I could keep my eye on the door. I ordered a shot of Cuervo with a can of Lone Star and started to work on my buzz. I was going to need a good one if I was going to pull this off. Sexpod wailed from the jukebox, "........I've got... the Goddess blues......" Sure enough, they came in about twenty minutes later, laughing and smiling like two horny schoolgirls. It had started to rain and both their shirts were soaked and I could see their nipples through the wet material. I could feel my cock straining against the thin material of the panties and started to think about what it would feel like to have their hands running against it, when I was snapped out of my daydream by the bartender placing a drink in front of me that I did not order. "From the two over there..." She motioned with her head. I looked down the bar and who is waving at me as they make their way closer? You guessed it, if this story is as predictable as I think it is, that's right, Trixie and Wanda!! They pull up a couple of seats and start talkin' at me about how they have never seen me in here before and where am I from and trying to guess my sign crap. Jeez, and I thought guys were the only ones who tried this shit when they were horny. So, yeah, anyhow.... they're buyin'.... I'm drinkin'.... and they start to get down right there at the bar. Not lewd, just some heavy necking and ear biting which of course is enough to set me a squirmin'.... yeeees. Soon enough they are announcing their plans to blowthispopsicklestand and did I want to come along? I tried to feign resistance, but I just couldn't.

We get back to Wanda's place and they immediately start going at it on the livingroom floor. Wanda reaches up and pulls me down with them. We start to frolic and gambol. Before I know what is happening, Wanda, much stronger than I expected, is straddling my chest, pinning my shoulders with her knees. Her crotch is so close to my face that I can smell her scent so I'm not struggling toooo hard, but all of a sudden, I feel Trixie grabbing my ankles and spreading my legs apart. Before I can resist, or decide if I want to, she secures my ankles to pieces of furniture, forcing my legs spread apart and leaving me feeling quite vulnerable. Then she walked over and did the same with my arms. Trixie spoke as she stood with one foot on my cock. "You really thought you could scam us? Even if Miss Vanilla hadn't tipped us off, you wouldn't have fooled us for a minute! So, even though it may not seem like punishment, we are going to keep you here and have a party and invite all our girlfriends to come over and look at you all dolled up!!! Don't you think that will be fun!?!?

They did not wait for an answer, nor did I attempt one. My cock was tingling with excitement, my mouth agape.

Where is this going!?!?

What do Trixie and Wanda have up their sleeves!?!?

ISRAELI HEARTTHROB DANIELLA Blonde

PHOTOGRAPHY, MAKEUP, STYLE & INTERVIEW BY **Erez Guez**
HAIR BY **Rachel**

DANIELLA is a beautiful, tall blonde transsexual. Her sign is Scorpio and that means she is mysterious, sofisticated, smart, and witty. In the subject of love, she's experienced that love requires a lot of action. She is only 21 years old and was born near the Caspian Sea. She is currently living in Tel-Aviv, Israel.

Daniella is interested in fashion design and she also designs club-wear costumes. She is currently bartending at one one Israel's swankiest restaurants. On weekends, she likes going out dancing and partying at the discos and clubs. She also goes swimming every day and horseback riding (preferably naked.) Daniella has recently signed on a modeling agency called, "Look," which is a branch of the international "ELIT model" agency. And now she started modeling in fashion shows and catalogues.

Daniella likes Latin or Italian men with dark, deep eyes and sentual, soft, big lips that know how to do the job. She prefers her man to be tanned and muscular, experienced and financially secure. She expects the respect and care that a real woman deserves and needs in life. •

How did you get started with you modeling career?
It wasn't really my idea at first, it wasn't my plan for a full time career. It was more that people I knew, or even people I didn't know, would say that I should try modeling. Friends would say I was the right size, for example, or that I have good measurements (35.8, 25, 35.4) or that I have good body language, which is also important.

How do you keep your body in such good shape?
I swim everyday, I walk a half hour (at least a mile) a day on a treadmill, and I also like to go out dancing on the weekends, which really helps burn fat. I work on targeted areas, doing special exercises for my waist. But I eat everything, I don't diet at all. Well, maybe I might watch it a little before photo shoots.

Do you believe in body modification, piercing, tatoos, or plastic surgery?
Although I enjoy seeing it on other people sometimes, I don't really do much of it myself. But I do think it can be cool, sexy on some people.

Who is your favorite designer?
My favorite designer was Versace, until he passed away, but now my favorites are Thierry Mougler and Jean-Paul Gaultier.

If you had your own airline, how would you dress the stewardesses, and what music would you play on the radio? What would you show for the movies or TV?
I'd want them to wear blue and white, so that they'd match the sky and the clouds, and for the cut, I'd like mini dresses with a chinese collar. As far as asking about the entertainment on the plane, that kind of hits a nerve with me, I really think that needs improvement. I'd want to play trance and house music on the radio for younger travellers, and I'd show current and action movies or Argentinian soap operas.

If you could choose anyone, male of female, to be the president, who would you choose?
First answer, a woman, and second, Madonna. The reason being that I like her determi-

nation, she's a brilliant business woman, and she really knows how to hold the reigns and lead.

What's the first thing you do in the morning to make yourself feel good?
First thing in the morning I drink tea with honey and lemon, which helps me wake up with a good vibe.

Have you ever had an epiphany while you were in another state of consciousness? What did you see, feel or hear?
I haven't had an epiphany, but I have felt deja vu, and my dreams have frequently made me realize things about my life, and helped guide me.

Have you ever travelled outside of Israel, and where would you most like to visit?
I've been all over Russia, I've been to France, Turkey, and Greece, and I have relatives in Germany, Australia, and even America. I'd like to go visit them. I'd also really like to go to Italy, Spain, and the U.S., they seem like very interesting countries, plus I'd like to check out the nightlife and go shopping. •

I MIGHT HAVE DIED TODAY. I know "might have" doesn't really count for much, but if I had actually died I wouldn't have been able to write about it now, would I? And so here I am, no more than 20 minutes later, writing about "the incident".

Funny, how the subject, as Eleanor and I ended our phone conversation this Saturday morning, was "How to Prolong Our Lives". Did you know, for instance, I asked her, will a clove of garlic a day lower your cholesterol without the side effects of Lipitor? I had taken myself off that medicine weeks before, after I began having the muscle pains which I knew to be one of its dangerous side effects.

A few minutes later, still in bathrobe and slippers, I lazily padded into the kitchen to prepare my first meal of the day. As I put my oatmeal up to cook (my regular breakfast since I terminated my pill therapy), I decided to finally begin the garlic treatment which had been long in the planning. After all, I had bought the beautiful white bulb days ago, I might as well start before it goes bad, I thought. Garlic and oatmeal. Maybe I could indeed, bring myself to health this natural way.

I chose a big fat clove and wielding my special sharp knife, peeled away its papery skin. The odor was strong, pleasant, familiar. The polished nodule was a beauty, just right for crushing into pasta sauce or fresh green salad, but this little gem was going to be put to quite a different use. I determined it was way too big to swallow so I cut it in half. Then half again and made the required slits to allow its healing juices to flow free once it entered my body. I popped it like a pill into the back of my mouth and followed with a big slug of orange juice to mask the flavor, should any linger on my tongue. But it didn't go down. Just stopped in the back of my throat. More orange juice. It didn't move. I stood there, incredulous. It was stuck in my throat. I realized I couldn't quite breathe. I knew I had no time to think. I felt my eyes popping in shock, disbelief. What had I done? Was I going to choke to death? Could this really be happening to me? I tried to scream, to dislodge the thing. An awful sound came out of me. Not a scream but something spelled a-a-a-r-g-h! like in the comic books. I bolted from the kitchen, unlocked my front door and ran into the hallway. Please somebody be home! I pushed my neighbors' bell over and over again. Help me! Help me! I rasped. I struggled to breathe and kept ringing the bell. I could hear them inside. "Who is it?" They didn't open the door. I turned away. Where would I go? Was anybody else home? It was Christmas weekend. Was it possible? Was I was actually going to choke to death? Disbelief and panic consumed me.

There, standing at the elevator down the hall, two transvestites, stark still, watching me. I called out as best I could, arms flailing now in desperation.

Help me, help me, I'm choking, I'm choking! One moved. (s)He ran toward me. It was the computer programmer from down the hall. I hadn't recognized him in that long blue black wig and smart set houndstoooth skirt suit. I know it sounds crazy, but inspite of my "life" flashing before my eyes, I couldn't help marveling at his beauty.

"Where is it, darling" he asked. "Where is it?"

"In my throat," I whispered.

He went behind me as I gasped for air, locked his hands under my chest and squeezed. I tried to cough it up, to cooperate, to vomit. Nothing happened. He squeezed hard, again and again. I stood like a rag doll, my arms hanging at my sides, giving myself to his effort.

Please... Please... Nothing.

He touched my throat. We could feel it protruding through the skin. Was it hopeless? He went behind me again. Squeezed again. And suddenly I could feel it move. It went down, not out, but down. It cleared my throat. I could breathe. Not very well, but I could breathe.

Come with me. I motioned to my door. Stay with me. I led him back into my apartment, oblivious to the tears and snot running down my face. Just wanting, needing not to be left alone. I wasn't crying really. Not yet. Just undone, needing to be with someone.

"Thank you," I whispered as he sat me down at the table and sat himself down, facing me, looking into my eyes to see that I was truly alright. "Thank you," I managed. Over and over. I couldn't speak very well. He went into the kitchen to get me some water to drink and a paper towel to wipe my forehead, my running eyes and nose. My hand shook as I drank. "Thank you." My throat was so very sore. I whispered to him, "garlic". He understood, must have seen the remains on the cutting board. "Chopped garlic", he said.

"Not the whole clove. Chop chop," he made a cutting motion with his hand.

"What an idiot I am," I breathed the words. "I can't believe what I did, what I almost did. I almost died. I can't believe it. Thank you for being there." Over and over again. I didn't care how many times I said it. "What if you hadn't been there? Merry Christmas." I looked into his sweet, kind, angelic face I let it fill my vision; there was only his face. (Was this the computer programmer who lived down the hall? The guy who just had his nose fixed to look prettier than he imagined hinself to be. I had told him just a few weeks ago when I saw him in bandages, that I thought his original nose was fine, that his new nose was certain to be fabulous.)

"Your nose looks great," I managed. (He smiled.) Is he an angel? I think now, as I write this, could there really be such a thing? Was it a miracle I experienced?

"Are you sure you're OK now?" he asked as he made ready to leave. I nodded. I was exhausted. "Hot tea with honey to soothe your throat. And rest.I'll come back tonight to check on you."

My throat is very, very sore but I am not dead, a statistic, a choking victim. No, I am sitting here in my living room listening to QXR, some lovely piece of classical music that fades in and out as I write and I'm sipping tea with lots of honey. My life continues. I plan to drink hot tea with honey all day. And I won't stint on the honey. No caloric concerns today. I will have as much as I need to soothe my poor wounded throat. And I will burp and hiccup until that little lethal morsel dissolves inside me. I can't really cry yet. I've tried. It hurts too much to cry. But I can write.•

MISTRESS FORMIKA • INTERVIEW BY **Miss Vanilla**

"Shave all your body hair!"

PHOTOGRAPHY: MISA MARTIN.COM

SIMPLY GORGEOUS MAGAZINE meets Michael better known as Mistress Formika in his East Village apartment one afternoon. The place is painted bright red and hundreds of postcards adorn the walls. There's a fifties dinette set in the kitchen and we sit down by the table. Today Michael is just Michael. He's dressed in chinos and a tank top that exposes his tattooed arms. His short dark hair is wet and he smells nice. He tells us he just returned from the gym. The only things about Michael that reveals anything about his other persona are his eyebrows. They have been plucked into two perfect arches. Michael has been performing as the tough and political drag queen Mistress Formika for several years. And Formika has always preached tolerance and acceptance of people's differences.

How did this Mistress Formika thing start?

Drag started for me in high school. All my friends were drama students, film makers and photographers and I always seemed to be the one to get dressed up for photos or to star in short films, often dressed in drag. Then I didn't do it for a long time, not until I moved to New York. I went to a Halloween party at the Palladium dressed in drag. It was very exciting. Everybody kept coming up to me to talk or to ask who I was. I had so much fun that I thought; I have to do this more often. So I approached a drag queen named Linda Simpson who was throwing a party called Channel 69 at The Pyramid Club. I told her I was a big time drag performer in New Mexico, where I'm from, which of course wasn't true, but I ended up doing a show at the Pyramid and after that Mistress Formika took off on her own. The crowds really liked my performance. I wasn't just lip-synching but I also had a political message, whether it would be about safe sex or rejoicing in our differences.

How did you create Mistress Formika and is she part of you?

After so many years she's totally part of me. The name was created with friends who thought I looked like a dominatrix. I wanted her to be a dominatrix who dominates her own life-Mistress For Michael. I wasn't really into S&M until I started performing and then people naturally assumed I was because of the name, so I sort of unwillingly got pushed in and had fun with it. I still have fun doing it even though Mistress Formika takes over my life from time to time when I'm really busy, but it's all good.

What do you feel is the best part of transforming yourself into Mistress Formika?

I think everybody should dress up, because for a lot of people it's who they feel they are deep down inside. When I go into the bathroom and put on a face, a wig and boobs and feeling like a 1960's bombshell or a rockstar, it's a feeling I wouldn't trade for anything.

Can you define for our readers the difference between a drag queen, a transvestite and a cross-dresser?

A drag queen is someone like me who dresses up to perform and sometimes to go out. A transvestite is a man who lives as a female everyday but doesn't want to have a sex change. A cross-dresser is usually a heterosexual man who secretly dresses up at night or who wears women's underwear and bras underneath his regular clothes. It's more of a fetish for him. For a transsexual on the other hand it's more spiritual, it's more of an inner change.

When you transform yourself to Mistress Formika is there an inner change involved as well?

I've had so many people tell me that once I put on a dress I'm a completely different person. If I walk down the street as a boy a girl will occasionally look at me or a guy will check me out but if I walk down the street as a girl people will honk and whistle and it forces me to confront my sexuality because I'm objectified from the moment I leave my house. There are so many straight men who wants to have sex with a woman with a penis so they pursue drag queens refusing to understand that we in fact are men with boobs.

Michael also tells us that after a few years of doing Formika he seriously considered a sex change and for a few months he took hormones until he discovered that he was too in love with his male genitalia to ever give it up. He loves the transsexual community though, he feel that they have been wonderful to him.

In what way do you feel that men and women are different mentally and psychologically?

I think people are more alike than we want to admit. Perhaps women are a bit more, sensitive because they are the creators of life. Men are a little less sensitive because we are taught that sensitivity equals weakness. I think our differences mostly stem from the ways in which we have been raised. I feel comfortable with all kinds of people. I don't really hang out in gay bars all that much because I like rock'n'roll so I go to rock clubs a lot. This past Friday I performed at a lesbian rock party and on Saturday I performed for a group of really conservative business men from all over the world and on Sunday I did a Sweet Sixteen party. If you feel comfortable with yourself other people will feel comfortable with you too, that's what Mistress Formika always has preached.

Tell us about your future plans?

I'm doing a pilot for Fashion Television and Comedy Central. I will play a transvestite trying to weasel his way into the fashion industry. We'll see if it gets picked up. I also recently finished an album together with Alexis Arquette, Jackie Beat and Patrick Briggs. We call ourselves World Dominatrix and it's an all drag queen fronted rock band. This record is all covers. Sonic Youth and Rush and others. I will also do a Wendy O'Williams tribute at Squeezebox. I'm also putting together another band. It will always be about music, TV and movies for me.

Before we leave we ask Michael for a beauty tip for prospective drag queens and he tells us: "Shave all body hair!" After getting this useful piece of advice we kiss Michael goodbye and walk down on Avenue B again. •

THE EXCITING CONCLUSION OF THIS CAMPY TALE OF INTRIGUE, PUNISHMENT AND DISCIPLINE!
TRANSSEXUAL DYNASTY PART 4

This is the last movie made by Tarina, Holywood's most notorious TS, before her tragic and untimely death.

THE roleplay begins with a power-hungry boss who wants to talk shit to the Meghan, the maid (a transsexual) who apparently works for him. Gary is a real douche-bag with a bad haircut. He says to her, "I've got to be angry at someone," and "shut the fuck up." He says that she's lacking in discipline and that he's going to breathe down her neck so long as it takes to "get shit through her head.." His remarks are shocking and watching it could make any girls' blood boil. He says that if she doesn't improve her work habits than she can leave. At this point, watching the film, I want to kick his ass even though the maid doesn't seem to be that upset. But the maid will get her sweet revenge later, as we will see.

After this scene, we meet Ariana and Cindy, a transexual who wants to fake her own suicide. (Ariana is a real woman who is also a dominatrix.) Ariana agrees to deliver the message that Cindy has died in exchange for some money. Cindy pays it to her, and Ariana begins her mission. She must also steal an envelope from under the head mistress' bed. When Ariana arrives and gives her the news, the headmistress then blames herself for the supposed death (the reason being that someone was bribing her with $100,000 for turning over some photographs.) The head mistress (crying) then allows Ariana to punish her with an over-the knee spanking. Ariana is then more deviant, by stealing a secret envelope from under the head mistress's bed and escapes. I find this kind of film funny, because it seems to be mocking stupid melodramatic actresses on day-time soap operas.

The headmistress tells Meghan that because of what's happened, she is going to sell a stock certificate that was under her and Cindy's name and that everyone is fired. She says that she's just "tired of all the bullshit." The camp here is good. The maid drops the feather duster as if she is in total shock (but is actually begins smiling because she knows what's going to happen next and can't keep a straight face.) The headmistress looks under the bed and the envelope is gone!! OH MY GOD!! The head mistress accuses her of stealing it and punishes her by forcing her to masturbate. The mistress makes her reapeat everything that she says, including silly and ridiculous things. She must admit that, "she's just a stupid, blonde bimbo who doesn't clean shit." The mistress is funny in this scene, though, because, in spite of all her insults to the maid, she admits that the maid has better heels on than her, that her own heels are cheap. She punishes the maid by paddling her and saying things that a "dirty bitch would. Oh yeah. Say you love it? Do you want to lose your job over this? Lick that heel." The maid is smiling the entire time she is being insulted and called a bitch for fucking Cindy and Gary. This scene is really stupid.

For the next scene, we have the maid and a gorgeous transsexual fuck with Gary.

When he says to them, "Go get me my toothbrush!" They tell him to "shut the fuck up."

They force him to suck cock, stick dildos up his ass, and whip him until he is screaming and crying, "Ohh that hurts." This is amusing because he totally deserves it for his attitute toward the maid earlier in the film, and for being "cocky" in general. It's cool to see two trannies gang up on a cocksucker like this! The maid whips him while the other girl fucks him up his ass with her cock. The maid, jerking herself off, gets off seeing that his ass must be pretty tight from the way he's screaming. But in the end, he loves it and comes all over himslef.

For the next scene, Ariana has a chance to double her money if she can give Cindy the best

10 minute domination session of her life. Well, sorry to say that this last scene was pretty bad. Maybe it was the elevator music. Bizarre video is lucky that I didn't turn down the volume here and put Black Sabbath on my stereo. Maybe Cindy was better off saving some of that money to buy herself a new wig. Whatever. But, disgusted yet strangely aroused, I finished watching the film. .

The headmistress walks in, really jealous and on the rag, and calls them both "freaks." She then has them tossed in jail. Because Ariana has been careless and has been followed, she must be on the receiving end in jail. The best part of this dyke scene is Ariana confessing she doesn't have a boyfriend and she wouldn't mind being fucked in the ass by Cindy, just like a German Shephard. We've lost all sense of morals now which is good for a laugh. Bad Ariana. Bad girl.

So lets hope that in future, the camp will only be played up more!! The directors are on the right track, but I'll still keep my fingers crossed to review a film of Ariana shamelessly mastrubating at a pet store, in front of everyone or something a bit more fucked up and bizarre– Cindy fucking on a space-ship with an extraterrestrial obsessed with shaving off Cindy's body hair while the headmistress has an orgasm from a deaf/mute amputee and Gary pierces his own cock after impregnating his younger sister ?? Stay tuned.

Portrait of a TS

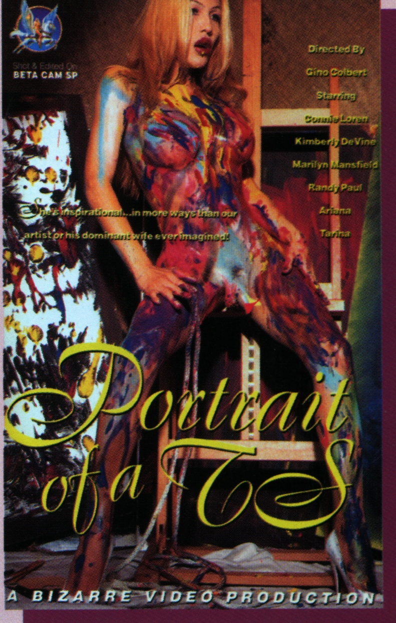
BIZARRE VIDEO

Directed by Gino Goldbert **Starring** Marilyn Mansfield, Connie Loren, Kimberly DeVine, Tarina, Randy Paul, and Ariana

IN the first scene of this wondrously kinky video, two transexuals Marilyn Mansfield and Connie Loren hash out issues of jealousy with some serious spanking and kinky fun. With a black leather paddle in hand, the sultry Marilyn doles out the punishment that (Connie, the little slut that she is) really deserves. The action is hot as the "ladies" squeeze each other's breasts and fight it out. Then the beautiful Marilyn paddles vigorously around Connie's member as she screams with pleasure and pain.

The next scene involves an artist, Randy Paul and his subject, again the mesmerizing Connie Loren. Randy, while painting a portrait of the luscious Connie, is shocked to find out that Connie, complete with her beautiful round, firm breasts is really a man from the waist down. Connie takes out her member and begins to pleasure herself. Randy is intoxicatingly dominant as he struggles to keep his model under control. Taking hold of her arms with a manly force, he ties her hands together behind her, bends her over his work table, and begins a regimen of ticking, torture and painful discipline that makes her scream with embarrassment and extacy. She is very verbal and sexy as she yelps and sighs with pleasure, but because of her deception, Randy makes his punishment severe and forceful. He spanks her tits and her cock with a paintbrush which makes her react with honest pain and emotion.

In the third scene Randy takes hot and horny Connie upstairs to meet his wife, a straight and very sexy dominant female, Ariana. Remarking at how beautiful the lovely Connie is, they agree that having her join them would indeed spice up their sex lives as well adding the best of both worlds. Connie does a strip tease for them, tantalizing the beautiful Ariana. Connie assures them that they can both relax, while she becomes their little sex slave. Connie likes everything, including sucking pussy that much is obvious and she delights in pleasuring Randy's wife as Randy takes her up the ass! Ariana helps to flog their lovely new slave and Randy muscles bulge as he slaps Connies ass and squeezes her breasts.



Connie screams as she is penetrated and is forced to lick Ariana's pussy while doing so.

This scene is really hot as Connie gets a full erection at the sight of Ariana's pussy. Perhaps she is really a lesbian!

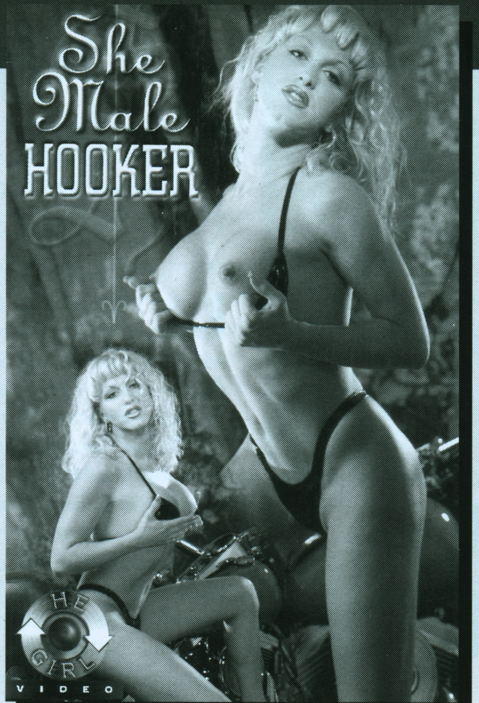
In the last scene, Connie, along with three other TS's and and the Ariana pose for another portrait with Randy. As Randy paints them, it turns into a hot orgy! Randy fucks each TS in the ass as he kisses his lovely wife. This video is for everyone gay or straight, crossdresser, TS or TV!

Also available from Bizarre video is "Chicks with Dicks" in which two TS's go at it with dildoes, kinky toys and cocksucking. You won't want to miss this one! **—Buttercup**

She-Male Hooker

HE GIRL VIDEO

Starring Olivia Love, Mocha, Gina, Geneva, Christopher Ash, Jeff D. Kota, Drew Andrews



PAUL CARRIGAN is a hot young extremely masculine stud with chiseled features and bulging muscles who brings a water cooler refill to horny young Mocha's apartment. She is lounging about being her enticing little self. Her pert little nipples jutting from beneath the sheer fabric of her flimsy tank top.

She is obviously turned on by the uniform and this masculine stud's ass as he installs the new water tank. It doesn't take long for Mocha to ask the stud to fill her tank so too speak.. A long hard cocksucking scene and obviously enjoying every inch of it, macho, masculine Paul is only too willing to have his cock and his balls licked by sweet Mocha's long pink tongue. Mocha has a petite mouth and can barely take Paul's swollen dick into it beyond a few inches at first ...however towards the end she loosens up her throat a little and seems able to take every hot steamy inch of it. One great shot is from behind Paul's engorged balls as he methodically works his cock in and out of Mocha's mouth. Finally Mocha takes out her own cock and strokes it. At first, Paul seems oblivious to this but when he realizes that Mocha is a she-male his cock and balls remain hard as a rock and even seem to stiffen a little at the knowledge that it is really a man that is doing all the cock sucking. Paul is emboldened to push Mocha's head down on his cock harder, and even finally to suck Mocha's long mocha cock!!! Paul jerks himself off while sucking Mocha's cock and asks her finally if she wants his dick in her.

"Yes!" she cries and when Paul gets up to position himself for the final penetration scene his cock is as hard and erect as a rocket getting ready for take-off. I have to admit that it is one of the highest angles I have ever seen a cock reach in a porno flick. It is a great moment (especially if you love extremely handsome men hard as a rock about to fuck beautiful she-males up the ass!) Mocha takes it like a good girl and loves ever moment of it.

Then the most amazing climax scene is when Paul pulls his cock out to shoot his load on Mocha's titties and we get to have a clear shot of Mocha's asshole opening and closing. I never saw such a beautiful shot of an anal orgasm before, but this was INCREDIBLE!!! Paul shoots his load all over her quivering asshole.

In the scene with Gina and Christopher Ash- Stunning Gina arrives when Chistopher makes a phonecall asking for a brunette escort. He is a cutie with a southern accent and a masculine demeanor. Gina is so womanly, exotic and stunning that Christopher has no idea she is a really a pre-op trannie.

She sucks cock so well that Chris totally loses himself. When Christopher finally discovers after having his cock sucked rhythmically for a long time by Gina's luscious lips that Gina is really a man, he seems OK if not pleased. Chris sucks Gina's cock and even masturbates her asshole in a loving and sensual way. Great shots of Gina's pink asshole as Christopher readies her for anal penetration with his probing tongue. Pleasuring her to the brink of orgasm.

Then a great fucking scene with Gina taking it up the ass and then getting on top for a stunning climax. Gina rides Chris's cock like it's a wild stallion, bouncing up and down and screaming the whole time in extacy. They both explode all over each other as they masturbate their swollen cocks together. They have beautiful cocks. It's a stunning climax.

In the next scene Geneva loves to have her asshole sucked. She loves to scream while she is being fucked and is very verbal. So when deliveryman Drew Andrews treats her like the little slut she is she and tit fucks her in a really hot scene she's completely satiated. Geneva has great tits so the tit-fucking scene is really hot. Drew obviously has a keen sense of what little sluts like and he takes no hesitation in twisting her panties to the side and pulling them tight as he penetrates her tight little asshole. Great shots from every direction. Drew Andrews is a handsome guy in great shape and with a love for tasting the assholes of hot she-males.

The last scene is between Olivia Love and the hottie, Jeff D. Kota. Jeff is delivering the paper door to door when he meets the sultry blonde long-legged Olivia who invites him in. She has a hot pair of legs and caressable thighs.

She rubs her firm ass against his puckered trousers and the fun begins. All the action takes place in her kitchen. Olivia gets down and dirty eagerly energetically taking Jeff's pants down and giving a good hard cocksucking and ball-licking session. Jeff then decides to take Olivia from behind and then fucks her brazenly right there on the kitchen counter cumming all over her titties and cock..

What a film....shemales and the men who love them and who know how to pleasure them properly. Who could ask for more?

ASTROLOGY
FOR TRANNIES

ARIES (March 21-April 19) Your impulses get the better of you this month. But have no fear. Instead, grab your wallet and hightail it over to your favorite little gift shop to get that item you told yourself was too extravagant. Go for it Girrrrl! You deserve to be treated like the Goddess of the heavens you really are! Your inner bird is yearning to take flight. Perhaps a trip is in order. Perhaps that stately dream date you've searched for is actually in another state! Spread your wings and fly. The sky's the limit.

TAURUS (April 20-May20) You've focused too much on material belongings in the past. No one, and I mean no one, needs two dozen pairs of black pumps. Admit it, you can fill your closet but that doesn't fill your heart. So get up off your stubborn ass, and smell the flowers. We know you are reading this and believing nothing. We also know you went to bed alone last night. One of us is in denial. That emptiness you feel is not your stomach growl but your heart, longing for spiritual fulfillment. Remember, he who fights the law of the fates will find that the law wins.

GEMINI (May 21-June 20) You find yourself torn between the light and the dark sides of your soul. Quell surprise! What is different is that this year you have the chance to choose between the two. Forget the yoga, forget L. Ron Hubbard, forget the confession booth. The never understood you anyway. Stop nursing the child within. It's the child that's confused, not you. You're a full grown woman. So wake up and smell the latte. That cutie behind the counter likes you more than you think.

CANCER (June 21-July 22) You are crabbier than ever this year, but you've noone to blame but yourself. If you even spent a smidgen less time contemplating vectors and spheres and that age old answer to the question "If a train leaves Cincinnati traveling at 35 miles per hour...." Lets face it, the answer to that question isn't going to get you laid and trying to find the answer is what caused you to lose your last lover (read:neglect) In your heart of hearts you know that you spend too much time on physics and too little time on the physical (read: that extra ten pounds will disappear faster if you curb your impulse to measure your waistband and concentrate instead on measuring your erection.)

LEO (July 23-Aug 22) If I didn't know better I'd guess you were as pregnant as a nun in church. Then again, perhaps you really are pregnant....with ideas and dreams. Start taking inventory. Clean house both figuratively and literally, if you give in to your nesting instincts something good will come of it. Don't put off that doctor's appointment!

VIRGO (Aug 23-Sept-22) Time to be nicer and stop snubbing your nose and rolling your eyes. You are not as smart as you think you are. After all didn't you go to bed alone last night? The trouble with you Virgo, is that you that you always look a gift horse in the mouth and waste your precious energy hurting the ones who care. I'd ask you to change but I know you won't. In fact, you won't even know I'm right until it's too late. Rent "A Christmas Carol". I know it's past Christmas but you didn't get the message Scrooge.

LIBRA (Sept-Oct 22) You've had it far too easy. Lovers fall to you like snowflakes and you treat them like dandruff on your lapel. Why is it, that all your affairs have been hot, heavy and short-lived? This is a question which might plague you if you weren't a libra. Let's face it, when opportunity comes knocking at your door, you don't have to get up, it will come back again. Make amends to an old flame you treated poorly. It may not keep you from the fires of hell but no matter, you already bought your stairway to heaven.

SCORPIO (Oct 23- Nov 21) Sibling rivalry has gotten the better of your relationship with your family. No you are not being self-centered. It really isn't your fault. Have patience. Your family really does love you. They have just been led ashtray by a devil or two. On a brighter note, a recent move offers more than a change of scenery. And if noone has noticed before, this is the year your inner and outer beauty will receive the recognition it has always deserved.

SAGITTARIUS (Nov 22-Dec 21) Your lover's intentions are honorable. Are those wedding bells I hear, or simply my angel Sagittarius getting her wings? Whichever the case may be, this year promises to bring you the greatest love of all: to love yourself -and it is through the eyes of that special someone that you will recognize your self-worth. Spend that extra money on a home spa treatment (bath oils, bubble baths, mud packs etc.) Even if you've got the cash to go to a spa, don't. There's nothing more luxurious than your own private little vacation at home.

CAPRICORN (Dec 22- Jan 19) You tend to have a don't ask don't tell policy with family friends and lovers alike. Even though this has worked for you in the past, the strategy has created a nagging sense of ill-ease which grows greater and weightier with each passing year. What are you so afraid of? You know what the truth is. What would be so horrible about speaking it's name out loud? Ask yourself these questions over a warm cup of Java and a crackling fire. Remember, you are loved.

AQUARIUS (Jan 20-Feb 18) So what if you are still living life like a hippy. Hippies were never the problem, it was just the drugs. Besides, your sunny disposition brings joy, warmth and happiness to all that surround you. The world needs more silliness and you my dear Aquarius, are the right one for the job. Side note: that little promise you made to yourself-you know the one.....the one where you promised you would stop having sex and become a born again virgin-is about to be broken. Fret not. What is, is what was meant to be.

PISCES (Feb 19- March 20) You've remained silent for too long. Don't be a doormat... ask for what you are worth and don't take no for an answer. Buy that vibrating dildo you thought was too expensive, you deserve it! And we all know, little fishy, that celibacy is Pisces' own little form of suicide. All those projects you failed to complete in the past meant nothing. All you have to do is stop taking two steps forward and one step back. The rest will come as easily as a horny bitch on a washing machine.

Maid Afraid

FEATURING **Mistress Barbarella**
OF PANDORA'S BOX

WRITTEN BY **Ms. Scarlet**
PHOTOGRAPHY BY **Erez Guez**

MY GODDESS, the impenetrable Barbarella, informed me that I was to be the serving maid at the weekly Sunday brunch at Pandora's Box. She said that she would dress me up in the finest serving attire (lucky me, I got to choose from PVC, cotton, and latex maid's uniforms) and I would be get the chance to serve each and every mistress who was in attendance. Just the thought of galavanting amidst the most beautiful Dominas in the world made me hard at the crotch yet light in the heart.

I purposely refrained from masturbating during ther interim before my appointment because I knew that mistress Barbarella would appreciate my sincerity and self discipline.

When the day arrived, my genitals were nearly ready to explode from lack of attention. I entered Pandoras Box 2 hours earlier than I was expected and because of my pre-punctuality, I was rewarded by being given a list of chores (cleaning, latx polishing, undie washing...) and I was also granted the pleasure of helping mistress Barbarella dress for the party. For the moment, I felt as if we might be sisters, getting ready for a coctail party. My hungry eyes feasted upon the satin thong clinging to Mistress Barbarellas most perfect frame and she allowed me to help her fasten the latch on her black leather bra— so attractive and befitting of the queen she is.

Mistress Barbarella then put on stockings so sheer that they looked invisible. As I fastend her garter belt, I felt my own pre-cum drip down on my balls. Then she stepped into a pair of five inch platform boots. The accessories of a silver, diamond necklace and silver ear bangles that glistened when she moved, completed the vision. She was planning on wearing a long, black cape when greeting her guests, but for now, she

WHILE she was gone, I removed the tape holding back my cock and began jerking off furiously.

SHE shoved my head between her legs and I eagerly began to suck away at the giant dildo between her legs.

remained in that stimulating attire. She took a perverse pleasure in sistracting me by wearing clothes that exhibited her exquisite voluptuousness. I tried not to leer at her subtle flesh and her sensuous movement blinded me to all other diversions. I poured a glass of white wine and as she sat at her dressing table, she was visibly aroused by my docility when I took all my clothes off except for my panites, and opened the box that held my new French maid's uniform. It was a tiny thing, black with a border of white lace. My shoes, also black, had three inch heel. Barbarella usually wants me more elevated but I don't like to tower over my Dominant and this day she let me make that decision. I had to tape my cock to the inside of my thigh because, unlike my trousers, the maid's dress couldn't hold back. I had been suffering unrelenting arousal for the last several days causing my insidious erection to battle against the confinement. When I finally wrestled it into submission and everything seemed to be acceptable. I kept sneaking peripheral peeks at my goddess and noticed that she was smiling broadly. I was proud of the whip and paddle marks on my ass and thought that the goddess would approve of my presentation of her handiwork. Her she-devil amusement sent even more blood to my cock.

As I rose to pour her a glass of wine, I accidently spilled some on the carpet, at which point she asked me to clean it and I did not listen. I knew I was in trouble now. She said not to worry, that she'd get some stain remover. I was feeling so naughty and horny, I could no longer control myself. While she was gone, I removed the tape holding back my cock and began jerking off furiously. After squirting some k-y onto the end of it, I set a butt-plug on the black leather couch and sat down on it, so that it slid all the way up into my ass. I squeaked a little bit at the shock of it going all the way inside my asshole, but it felt so amazing and good afterwards my whole body relaxed. I then took the tape that had previously restrained my cock and stuck it all the way across my ass crack and the top of the plug, keeping it in. The idea of Barbarella catching me in the act of masturbation without her permission made me even more excited. I found a tube of lipstick and shoved that up my ass, too. And then another tube, and then another. I taped them all up inside of my ass. I wondered if I could impress my mistress with a trick of selecting a color for her and dispensing it out of my ass

accordingly. For fun, I also shoved some glow in the dark anal beads up there, a bottle of nail polish, and an eyelash curler.

When Mistress Barbarella returned to look at me, I was so frightened! She had allowed me in her glorious palace and I clearly was out of control. Her expertise in correction was never more apparant. Not only did she return with the stain remover, but she had also put on a strap-on with a big purple cock dildo hanging out of the front of it.

"So, I see that we both have our cocks ready now. But since you couldn't wait long enough for me to get back here and fuck you long and hard, you will have no choice than to suck me off for ten minutes without stopping," she said.

"But mistress, would you please apply the cherry red lipstick on my lips first?" I asked

When she searched through the droor and couldn't find it, I started to giggle. "Alright, where is it?" she asked.

"In my ass mistress. Please stick your fingers up there for me and find it!! Please stick your whole hand up there!"

"You put the lipstick in your ass??? Are you kidding me?"

She shoved my head between her legs and I eagerly began to suck away at the giant dildo between her legs. She placed a vibrator right on top of my erection and turned it on. I was about to come. Then she had another hooded slave enter the room and WITH HIS TONGUE AND LIPS SUCK out, one by one, everything that was in the cosmetic cabinet of my ass. When he sucked out the tube of cherry colored lipstick, she smeared it on his stiff cock and made me try to lick and rub it off. As a result, the color smeared all the way across my face as if I were some kind of sex crazed lunatic in drag. The hooded slave rubbed the top of his head against my balls upon the command of MIstress Barbarella. He also squeezed my rather plump and round tits and sucked on my nipples. (I am slightly overweight, so I have breasts that look like a woman's.) "Look what this clumsy maid spilled on the carpet," Barbarella indicated to the other submissive, who nodded at the wine splotch. "Now I want you to fist fuck that hungry little slut while he sprays some of this stain remover on this mess and scrubs away."

So as I was getting fisted, Barbarella came around in front of me and stuck her dildo back and my mouth. She humped my face with the dildo, attached to the strap-on harness she was wearing, and I sucked away in complete ecstacy. I could also still feel the vibrator against my cock and as I grabbed my own nipples, I shot bucket-fulls of cum all over the expensive leather couch.
